By using the **QR Scan Code** on this newsletter your donation will go directly to parish offerings which will assist in the upkeep of the four churches in the parish.

It is simple - for newer phones all you have to do is hold your phone camera over the code and the Payzone page will automatically open. Then simply “tap”, enter the amount you wish to donate and press “proceed”, add your card details and press “pay now”. For older smart phone just download a free QR scanner from the App Store.

## IMMACULATE HEART OF MARY PARISH

### Parish Pastoral Council Meeting 20<sup>th</sup> April 2021

#### **Items covered included:**

**How each area of the Parish will function in the absence of a priest:** Following a request from Archbishop Farrell the future of the parish and its constituent areas was discussed. The viability of maintaining the present parish structure has to be looked at from three perspectives: attendance, priest's availability and finance. A transition to the realities of present day parish life will need increased involvement of parishioners.

The recent initiatives in Christmas and Easter online services in Curtletown, Zoom Mass and Easter Ceremonies in Kilmacanogue, and Webcam Mass and Lenten talks in Enniskerry, with several hundred attending are examples of what can be achieved. While traditional forms of worship need to be respected, today's spiritual needs of parishioners can differ and will need to be continuously addressed imaginatively. Training of additional parish resources for services and pastoral care and the identification of where a priest is needed most will need to be undertaken.

On the question of financial sustainability of Parish Churches, this will significantly depend on post-Covid parishioners' response. Brendan Hoban's 16<sup>th</sup> April article on [associationofcatholicpriests.ie](http://associationofcatholicpriests.ie) addresses the financial impact of Covid.

Regarding priest availability, the Tower Watsons Report, available on [dublindiocese.ie](http://dublindiocese.ie), shows projected priest availability to the 200 parishes in the diocese dropping from approximately 400 to 100 by 2030.

A Sub-Group representing each parish area, initially consisting Maura, Herman and Fr. Hyacinth, undertook to meet to look at these challenges further,

**Communications:** A Parish Facebook page has been enabled with a new parish email address and will facilitate review. A welcome video will be prepared to launch the Facebook page and the old page deleted. A YouTube Account is also being set up. Parish news and events can also be promoted through local media. e.g, East Coast Radio, Bray People, Kilmac Notes, etc. The Notes on PPC Meetings will in future include an invitation to parishioners for comments and suggestions.

The website will facilitate a separate section for each of the Parish Church communities. The possibility of publishing Deaths in the Parish on the website will be re-reviewed.

**Synodal Pathway:** The invitation from the Irish Bishops for parish and personal submissions before 23<sup>rd</sup> May next on Synodal Pathway methods for conversations leading to a National Synod Assembly was noted. .(see [catholicbishpos.ie](http://catholicbishpos.ie))

**Parishioners are invited to comment or raise any matters they would like to be addressed by contacting the Parish Pastoral Council Secretary through the Parish Office.**

## SACRAMENTS OF FIRST HOLY COMMUNION AND CONFIRMATION

A reminder of the importance of accompanying young people and their families on the journey of preparation and evangelisation leading in time to the celebration of First Holy Communion and Confirmation. Please keep the focus on education, evangelisation, enlightenment and encouragement. There is a concern voiced by many that we might rush into the celebration of the Sacraments and unintentionally neglect the vital preparation. Requests for clarification have been received. The celebration of the Sacraments of First Holy Communion and Confirmation should only take place in the parish church. As pointed out by Archbishop Farrell in his recent communication, ‘We have yet to receive clarification about the circumstances under which a return to public worship will be permitted under public health guidelines. However, apart from such specific guidelines, we must be cognisant of the foreseeable risks of social gatherings which typically follow such celebrations.’ In solidarity with neighbouring parishes, parents, young people, school communities, please do not issue dates even provisionally for the celebration of Sacraments until we are all ready to move forward together and the Archbishop is in position to issue relevant pastoral guidelines.

## GARDA VETTING NOTICE

Please note that the Diocese is currently under a vetting review process by the National Vetting Bureau. The purpose of the review is to establish the rationale behind each role that we currently process. This review is not unique to the Dublin Diocese as many other organisations are in the same situation. To facilitate the National Vetting Bureau, we have agreed to suspend vetting until further notice for volunteers in the following categories.

- Minister of the Word ( readers)
  - Members of adult choirs
  - Eucharistic Ministers (unless they distribute communion to vulnerable adults in their homes)
- Hospitality volunteers

We will continue to vet all parish clergy and those who work directly with children and vulnerable adults. We expect that the review will be completed by the end of May, but will keep you updated on and further developments. Can you please ensure that your parish clergy and those who administer vetting in your parish are made aware of this immediately. If you have any queries, please contact Vivienne Knight, Vetting Co-ordinator at [gar-da.vetting@dublindioces.ie](mailto:gar-da.vetting@dublindioces.ie)

#### PROPOSAL FOR ENNISKERRY TO PARTICIPATE IN A COMMUNITY SPONSORSHIP PROGRAMME

A core group of Enniskerry residents has begun the process of welcoming a refugee family into the community under the Community Sponsorship Ireland initiative. The purpose of this note is to give you some information on the initiative and to alert the community that help will be sought through volunteering and fundraising in order that this programme can be brought to fruition.

#### What is Community Sponsorship?

Following a pilot scheme begun in 2017, the concept of sponsoring and welcoming a refugee family into the community was launched by the Government in 2019 under the name of *Community Sponsorship Ireland* (CSI). Unlike traditional refugee resettlement models, such as state supported Direct Provision which we are all familiar with, CSI encourages citizens to play a key role in delivering supports. Refugees resettled in this manner tend to have better outcomes in terms of integration and overall wellbeing. In 2015, in response to the humanitarian crisis in Southern Europe as a result of war in the Middle East and elsewhere, Ireland committed to resettling 4,000 refugees through the Irish Refugee Protection Programme (IRPP). The first family under the CSI pilot scheme arrived in Dunshaughlin, Co. Meath in December 2018. To date, refugee families have been settled through CSI in Cork, Meath, Waterford, Wicklow, with many more communities in the process of resettling families including our neighbours in Roundwood.

#### Enniskerry Welcomes

The core group mentioned above came up with the idea of engaging in such a resettlement programme and we have named it *Enniskerry Welcomes*. With the help of a Regional Support Organisation, in this instance the Irish Red Cross, with whom we are registered, we have undergone training to enable us to carry out such an operation. Should this come to fruition, it would involve sourcing a suitable house for rental and welcoming a family into our community.

Support would be given to the family in education, health, language, employment and leisure as well as help to enable them access a range of social services and supports. In other words, the family would be given an in-built support system until such time as they become self-sufficient and ensure their integration into the community and Irish society. It is envisaged that they would need to be supported for at least two years.

## **Responsibilities of the Sponsorship Group**

Community Sponsorship is a substantial undertaking with significant responsibilities and can only be undertaken with the support of the whole community. A wide range of skill sets are required and it relies on people to participate in whichever way they can. At the outset, the core group must raise a minimum sum of €10,000 to support the sponsored family so, in the near future, donations will be sought and fundraising activities will be undertaken. Obviously, this would not cover all of the expenses envisaged so on-going fundraising through different means will be necessary. When the family arrive, they would be eligible for Housing Assisted Payment (HAP) but it is up to the group to find suitable accommodation for rental. The core group will also be reaching out into the wider community looking for volunteers as the sponsorship programme progresses.

### **Selection process of family if application is approved.**

Any family that is being considered for resettlement will have been nominated and given ‘refugee status’ by the United Nations High Commissioner for Refugees (UNHCR). The Irish authorities, having been provided with detailed fact sheets on the family, will then carry out their own vetting and screening process. On completion of all the necessary safety procedures, the Irish government will have the final say on their suitability for resettlement. The origin of the family is not known but the likelihood is that they would come from one of the refugee camps in Lebanon or Greece, though this is not set in stone. However, once a family is selected and assuming that they are open to the resettlement plan, they will then be fully briefed before arriving to their destination.

We thank you for taking the time to read this and hope it gives you an idea of what Community Sponsorship looks like. If you would like further information on CSI, a good website is [www.integration.ie](http://www.integration.ie).
